IGNITE WITHIN WHO YOU WERE MEANT TO BE

CHAMBERS OF FREEDOM

Once their eyes adjust to the light, they find themselves at the bottom of a long staircase. Senora turns and asks Delores, “What does it mean? I was told that you were the key, but also that we have to find the Greatest Treasure. What is the Greatest Treasure?”

Delores looks surprised. “Have you not figured that out yet? In time. And when the time is right, you’ll know.” Delores smiles and starts to walk up the stairs.

-Treasure Kingdom

When the time is right, all my life I have felt like the timing is never right. But as God have lead me down life’s journey and slowly has been revealing to me what the greatest treasure is, the timing is God’s timing and God’s timing is always right. God reveals His plan to us in His timing and in His way. I admit that I have struggled with God’s timing, but I have also learned that God knows me better then I know myself and the time He chooses to reveal something to me, is when I need that information the most.

Life is a maze of chambers, different doors of life decisions. We choose which doors to open and walk through, God gives us direction but we need to decide where we will go and what we will do. God has a plan for your life and with each new decision you make, He will teach you and give you strength and wisdom as you make those decisions. For me, when I face major decisions, I want bright neon signs flashing at me to go here or there, but most times, God seems silent. In reality, God is not silent; He may just be giving you very small nudges. In these times, I find I need to quiet my mind and listen to His small whispers. This world is full of distractions and noise, we need to be still and trust His leading, read His word, and pray. God hears every word you say, and even when He seems silent, we need to change our perspective and listen with our hearts, or He may be just listening to your heart.

1. What doors are facing you right now?

Just like Josiah and Senora doubted themselves and the journey that was before them, God reminds us all that He is with us throughout our journeys in life. He will not let our foot slip, and when you struggle He is there to strengthen us and carry us when needed. You are not alone and you are worth fighting for.

2. Take this time to review: Ex. 18:18-20; Heb. 13:5-6; Deut. 4:31 What do you learn about the promises of God?

3. God is a God of strength, promise, mercy, and truth. Read through each of the following verses and journal what you are learning.

Ex. 14:14; Is. 40:29; Is. 40:31; Is. 41:10, 13; Is. 43:2; Is. 54:10, 17; Is. 61:1; Jam. 1:5; Jam. 4:7; 1 John 1:9; 2 Chron. 7:14; Deut. 31:8

4. I would like you to take this time to think about what you are facing or struggling with right now. What steps do you need to take today? Take action, step forward, and rest in God's strength and wisdom. The decisions you are facing, do they line up with God's word? IF so, how do they line up?

5. With this decision, will God have the glory? How can you glorify God in this decision?
